BOILING SPRINGS HIGH SCHOOL

Location and Buildings

The school is located at Boiling Springs, Cleveland County, North Carolina. It is a small incorporated village in a rural section noted for its beauty, for the thrift and hospitality of its people, and for the high moral and religious tone of the community. At the foothills of the Blue Ridge, in the Piedmont section, the climate is ideal.

The buildings are as follows, viz.: The main building is of brick, and contains the following: In the basement, a large and well appointed kitchen, dining room for two hundred and fifty students, butler's pantries, store rooms, a laundry, and lavatories. On the first floor are the office, an art studio, two music rooms, two parlors, a reception hall, two cloak rooms and two society halls. On the second and third floors are forty-four dormitory rooms for girls, each room having two closets. On these floors are two bath rooms and lavatories.

The boys' dormitory is a twenty-four room brick building, that will accommodate forty-eight persons. Many boys room at private homes, but board with the club.

A large structure, known as "The Memorial Building" has just been completed. It was erected in honor of our soldier boys, and contains an auditorium, classrooms, rooms for music, household arts, science, and a banquet hall.

Special Equipment

All buildings, are equipped with steam heat, water works and electric lights. Water is furnished from a deep well on the school grounds.

History of School

The need for an associational high school had long been recognized and agitated by leading members in both the Sandy Run and Kings Mountain associations, the former being the

first to take active steps looking to such a school but finding it difficult to decide upon a suitable location.

In the year 1904, when the Association convened at Zoar Church, the Kings Mountain Association resolved to build a school and took active steps looking to that end. In 1905, Boiling Springs, on the border line of the two associations, was selected as the site and a happy arrangement made by which the two associations united in building and operating the school. The two bodies have worked together in perfect harmony at all times. The school was chartered on December 2, 1905, by the State under the style of "Boiling Springs High School, Incorporated."

The work of constructing the main building began in the spring of 1907, and was pushed with all possible dispatch to completion. For the architectural appearance of this building the reader is referred to the cut in this catalog.

In the fall of 1907, in temporary quarters, the school opened its doors for the first time to students, with Prof. J. D. Huggins as Principal, which position with an interval of four years, he has held to date. During the four-year interval he was connected with the school. With a faculty and equipment unsurpassed by any other school of its grade in the State, the enrollment has increased from year to year, often to the limit of our rooming capacity.

The heavy debt incurred in erecting and equipping the Main Building has long since been liquidated, the last dollar being paid on January 2, 1917, at which time all canceled notes were burned in public.

At later dates, a few loyal friends of the school, appreciating the urgent needs of the institution, erected at their own expense, on the school grounds, a three-story brick building for boys and a five-room wooden cottage and installed two steam heating plants, title to be reserved by them until the school should be in position financially to take them over. We are happy to announce that arrangements have been made by which

B. Y. P. U. OFFICERS

the school becomes the sole owner of this property, and an adequate central heating plant has been installed.

Appreciating the pressing need of another building, the Board of Trustees, in the early part of 1919, began a vigorous campaign to secure pledges and subscriptions to the amount of \$40,000 to erect a new three-story building to be a memorial to all soldiers and sailors who went out from this school and from the territory of the Kings Mountain and Sandy Run associations to the World War, and to their mothers. The desired amount was pledged and subscribed and the work of construction began in the spring of 1920. To press the work, the board negotiated loans against the pledges and subscriptions. The building has been completed at a cost of approximately sixty-five thousand dollars.

In the fall of 1919 the Kings Mountain and Sandy Run associations, together with the Board of Trustees of the Boiling Springs High School, extended a hearty invitation to the new Gaston County Association to join with the two associations before named in the ownership and control of this school. In the fall of 1921 this invitation was heartily accepted and, in due time, the charter of the school was amended so as to admit the new association on equal terms and equal rights with the other two associations in the ownership and control. With a third strong, vigorous, progressive association behind this school its future is assured. It is now a member of the Association of Colleges and Secondary Schools of the Southern States.

Endowment

One of the greatest, if not the greatest, needs of the school is an endowment. One of the most loyal and faithful friends of the school, Mr. J. L. Putnam, of Zoar Church, in 1919, started an endowment with a gift of \$1,000. Soon thereafter the student body of the school gave for this purpose a \$100 Liberty Bond, and this has since been followed by a \$100 gift from each of the last seven graduating classes. The last seven

gifts to be applied to the endowment of a Chair of the Bible. In 1923 Gaston County Association made a gift of \$1,102.42 to the endowment of the Chair of Bible. To this fund there has been added by the same association \$1,125.00. To this Fund has been added, by our lamented brother J. F. Alexander, an interest in a trust fund equal to \$33,333. By a provision in the last will and testament of the late W. Harrison Eskridge of Shelby, N. C. he generously bequeathed to Boiling Springs High School $\frac{3}{8}$ of 10 per cent of his estate, worth \$34,048.46. This adds to the general endowment fund \$1,276.82, making a grand total of \$38,537.24. May the Spirit lead many others to follow the above example.

On May 3, at the annual meeting of the Board of Trustees, Mrs. Ellen E. Martin of Mooresboro, N. C. graciously gave the school \$2,500 for the purpose of creating and establishing a scholarship to be known as the M. G. Martin Memorial Scholarship. "The Trustees of the Boiling Springs High School are to keep the principal of said gift intact and shall use the interest arising from same for the education of a ministerial student who needs aid, preference being given to such students as may be kin or related to either M. G. Martin or Ellen E. Martin, but in all cases such aid to be given only to such student as is of orthodox faith and preparing for the ministry in the Baptist Church.

The school gives annually a scholarship to that young man of the sixth, seventh or eighth grade of any rural school who delivers the best declamation in a contest held during the spring term. The societies of the school give a medal to each of the best two declaimers in the same contest.

A Suggestion

Many people, who have been blessed with the accumulation of property, desire to make provisions in their wills that will bless humanity and promote God's kingdom. This school affords a great opportunity to such persons. Its opportunities

and needs are now and will ever be great—more buildings, larger equipment and a large endowment are greatly needed, the latter to enable the school to offer tuition at a minimum rate. It is to be hoped that many will be impressed to add to their last wills and testaments provisions similar to the following:

"I give and bequeath to Boiling Springs High School, Incorporated, of Boiling Springs, N. C., the sum of.....
.....Dollars to be used perpetually as a part of the endowment of said school." (If the fund is to be used otherwise, so designate.)

If testator so elects, the gift may be made to the "Baptist Foundation of Winston-Salem, N. C., in trust perpetually for the endowment of Boiling Springs High School, Incorporated, of Boiling Springs, N. C."

Entrance Requirements

To the High School—Completion of the seventh grade.

Admission by Certificate

Students are admitted to all classes without examination, certificates of previous work being accepted with the proviso that pupils who do not do satisfactory work will be placed in classes for which they are fitted as soon as practicable.

COURSES OF STUDY

College Preparatory Department

FIRST YEAR

ENGLISH—Allen's Review English Grammar, Elson's Reader, Composition and Literature.

SPELLING.

PENMANSHIP.

LATIN—First year, Smith.

MATHEMATICS—Business Arithmetic, Van Tuyl, Wells and Hart.

SCIENCE—Caldwell and Eiklenberry's General Science.

SECOND YEAR

ENGLISH—Ward's Sentence and Theme, Composition and Literature.

LATIN—Reading. Review Latin. Five Books of Cæsar's Gallic War. Composition. Grammar (Bennett).

MATHEMATICS—Algebra, Wells and Hart.

One Elective.

FRENCH—Chardenal's Complete.

THIRD YEAR

ENGLISH—Lewis and Hosié's Practical English for High Schools, Composition and Literature.

LATIN—Cicero, Six Orations. Grammar. Composition, Bennett's.

KALAGATHIAN AND KALLERGEONIAN OFFICERS

FRENCH—Chardenal's Complete.

MATHEMATICS—Wells and Hart's Second Course in Algebra.

HISTORY—Robinson and Breasted's and Smith's General History of Europe.

BIBLE—Fall term: *Our New Testament—How Did We Get It?* Vedder. *Old Testament Studies*, Burroughs.

Spring term: *Studies in the New Testament*, Robertson. B. Y. P. U. Manual.

FOURTH YEAR

ENGLISH—Tisdell's English and American Literature. Handbook (to be selected), Composition and Literature.

LATIN—Six books of Virgil.

GRAMMAR—Composition (Bennett).

SCIENCE—Chemistry.

MATHEMATICS—Plane Geometry (Wentworth and Smith).

BIBLE—Fall term: *Old Testament History*, McLearn. *Training in Church Membership*, Van Ness.

Spring term: *Life of Christ*, Stalker. *Pedagogical Part of Sunday School Normal Manual*. Mission fields of Southern Baptist from current denominational literature.

HISTORY—Ashley's American History.

CIVICS—Dunn's Community and the Citizen.

No student will be allowed to take more than five studies with daily recitations in the literary department, and the number of special studies will be limited by the faculty.

English Scientific Department

This course is designed to meet the needs of the public school teachers and those who do not expect to take the A.B. degree from college.

Requirements for Graduation

The prescribed requirements for graduation are as follows:

From the College Preparatory Department—

English	4 units
Mathematics	3 units
Science	1 unit
History	2 units
Latin	4 units
Elective	1 unit
Bible (two years)	1 unit
<hr/>	
Total	16 units

From the English Scientific Department—

English	4 units
Mathematics	3 units
Science	1 unit
History	2 units
French or Latin	2 units
Elective	3 units
Bible (two years)	1 unit
<hr/>	
Total	16 units

Electives may be chosen from the following subjects:

French (two units).

Science (three units).

Mathematics (one unit).

Music (one unit).

The complete list of subjects for which credits are allowed is as follows:

English	4 units
Mathematics	4 units
Science	4 units
History	2 units
Latin	4 units
French	2 units
Bible	1 unit
Music	1 unit
<hr/>	
Total	22 units

Note that two units in Algebra and one in Geometry are required and that American History is required of those applying for College Preparatory diplomas. Only fifteen per cent of the students will be allowed to take more than four daily recitations.

EXPENSES

Board

Board is furnished on the club plan, thus securing the best board at the least possible cost. The students take their meals at the same table with the teachers. Board in the club is furnished at cost and we guarantee that it will not cost upon an average, of more than \$12.50 per month.

Terms

Both fall and spring sessions are divided into half sessions of nine weeks each.

All bills for each half session are payable in advance and must be paid at the beginning of each half session, and no student will be enrolled in classes until he has secured the bursar's receipt for all payments due.

This plan has been adopted in order to simplify the book-keeping and at the same time place the school upon a safe and economical financial basis.

No money will be loaned to the students except at the request of the parents or guardians.

No reductions will be made except for protracted illness.

Room Deposits

Those engaging rooms in the dormitories should send the principal a deposit of \$5.00 with the application.

If because of sickness or unforeseen events the student is prevented from coming after the deposit is made the deposit will be refunded, provided the Principal is notified by the opening of school.

The deposit will be deducted from the last payment.

KALAGATHAN AND KALLIERGEONIAN LITERARY SOCIETY HALL

Expenses

As board, heat, and lights are furnished at cost the charges are made based upon estimates of these three items. If at the end of the half session it is found that the estimate is too high a credit will be made upon the next half session's bill. We guarantee that the cost shall not be more than this catalog calls for.

Expenses in the literary department for half session, including board, tuition, room rent, heat, lights, incidental, enrollment, library, contingent, and athletic fees, are as follows:

Registration fee, \$1.00; library fee, 50c, payable only on entrance. Special students will be required to pay the registration fee.

For each half session of nine weeks:

For those rooming in the dormitories and boarding full time	\$49.15
For half boarders (those who go home for two days each week)	44.54
For those who room out and hence pay room rent and for lights and heat elsewhere	43.52
Half boarders (who room out)	38.91
For those who room out and pay elsewhere for room, lights and heat but who use school furniture	44.66
Half boarders of the above group	40.06
Day students	13.89
Graduating fee from any department	2.00

Special Departments

The charges for specials per half session are as follows:

Tuition in Music, Voice or Instrumental	\$9.56
Tuition Theory	1.13
Piano rent, one period per day	1.69
Tuition Domestic Science or Domestic Art	7.35
Fees for material used in above course	.50
Chemistry Laboratory fee	.25

DEPARTMENTS OF INSTRUCTION

English

The work in English will be practical. Much time, therefore, will be devoted to the study of the fundamental principles of our language, such as drills in composition, writing, punctuation, paragraphing, capitalization etc. Formal grammar will receive due attention, but the more important thing is the *use* of our language. The aim will be to enable the student not only to express his thoughts so that he may be understood, but so that he cannot be *misunderstood*. The masterpieces of our literature will be studied thoroughly and critically.

History

The purpose of History is not merely to learn facts but to gain an understanding knowledge of the causes and results of the various movements of history. The history course includes a thorough course in European History with special emphasis on conditions leading to the recent World War and one year in American History. In the American History course the development of our nation is studied together with a course in civil government.

In addition to the regular classroom work parallel reading will be required in each course.

Science

A full two years' course is offered in Science. Laboratory work and notebooks will be required.

Latin

Much time will be devoted to drilling students in forms and principles of Latin syntax. A Latin Grammar, therefore, will be used as a reference during the entire course. Exercises

in prose composition will be stressed daily until the students are familiar with the principals of syntax, when more attention will be given translation. Bennett's idea is followed in the teaching of Latin.

Mathematics

The course given in Mathematics is broad. The object in teaching this subject is to enable the pupils to deduce their own rules and thus grasp the underlying principles of mathematics. Much drill will be given in Arithmetic, especially in common and decimal fractions, rapid addition and multiplication. In Algebra the use of symbols will receive much attention. The power to reason logically will be emphasized in Geometry. Neatness in all work is demanded.

Bible

In this course a diligent effort will be made to give the student a general, systematic knowledge of the Bible as a whole, with special stress upon the leading characters thereof, with the supreme purpose of making the Scriptures disclose to the student the Christ of the Bible, as the Saviour of men. This course is divided under the three following heads: Bible Study, Mission Study, Sunday School and B. Y. P. U. work. In addition to the above prescribed course, which will be assigned for class work, there will be practical lectures given on perplexing and misunderstood doctrines of the Bible. The Convention Normal Course Textbook will be required on class work.

Department of Music

This course offers exceptional advantages to the most discriminating. Instruction will be given in Piano, Voice and Theory. Instruction is given in chorus work once a week. All voice pupils are required to join this class, and the privilege is extended to piano pupils as well as to pupils who study no branch of music. The course is arranged to cover four

years, and is divided into practical and theoretical, and upon its completion a certificate of music is awarded.

PIANO

The aim of this department is to train the fingers and brain to develop a technical skill and also to cultivate an understanding and a proper appreciation of musical language. Special attention is given to good technique. Position and movement of fingers, wrists and arms are explained.

REQUIREMENTS FOR GRADUATION

Selections from the following outlines or equivalents:

First Year:

Arm, hand and wrist foundation work; hand and finger action combined with the proper use of the wrist and arm.

Scales—All major and minor scales in one octave, hands separately; arpeggios in major and minor triads, alternating hands, ascending in first position, descending in second position.

Studies—Bilbro, First Melody Lessons in Piano; Duvernoy, Op. 176; Kohler, Op. 218; Gurlitt, Op. 197.

Second Year:

Scales—Technical work continued; all major and minor scales two octaves, one and two notes to M. M. 60; triads and dominant seventh arpeggios, alternating hands.

Studies—Kohler, Op. 242; Burgmuller, Op. 100; Gurlitt, Op. 198.

Sonatina—Clementi, Sonatina in C major, No. 1.

Third Year:

Scales—Technical work continued; all major and minor scales, one, two, and four notes to M. M. 60; triads; dominant and diminished seventh arpeggios.

Bach—First Year Bach, arranged by Foote.

Studies—Brauer, Op. 15; Gurlitt, Op. 146; Gaynor, Pedal Studies.

Sonatas by Clementi, Bertini, and others.

Fourth Year:

Scales—Technical work continued; all scales, major and minor, four octaves, parallel and contrary motion; all arpeggios.

Studies—Duvernoy, Op. 120; Bertini, Op. 100; Heller, Op. 46.

Bach—Little Preludes.

Sonatas in Sonatinas by Mozart, Clementi, and others.

Throughout the course pieces will be selected to meet the needs of the pupils and are expected to be memorized.

VOICE CULTURE

It is the aim of this department to teach every branch that will aid in the proper cultivation of the voice. The course includes such exercises as will teach the pupil the use of the vocal organs, the control of the breath, the flexibility of the voice, distinct enunciation, and application of words to music. Songs will be given suitable for the home circle, church requirements, and concert stage.

Pupils who expect to graduate in Music must have completed the prescribed course in the literary department with the exception of the last year's work in Mathematics, otherwise they will be given a certificate of proficiency.

Department of Household Arts

The object of this department is to give young women the scientific and practical instruction that will enable them to become efficient housekeepers and home-makers, or to those who wish a thorough knowledge of the technical subjects and related sciences that will enable them to become matrons and housekeepers in public or private institutions.

DOMESTIC SCIENCE

FIRST YEAR—*School and Home Cooking*, by Greer. Typical lessons taught through recipes. Experimental work so that students will know proper foods and the relation of food to health, strength and efficiency. Bulletins from United States Department of Agriculture are used as supplementary reading.

SECOND YEAR—Textbook: *School and Home Cooking*, by Greer. A more advanced course is given in the preparation, serving and the preservation of foods, and the scientific management of the home. The planning and serving of balanced meals. Menu making, dining room service, table manners, sick room trays, and arrangements of luncheon boxes are taught.

DOMESTIC ART

FIRST YEAR—This course gives the student a practical knowledge of hand sewing. The problems given require the application of both the elementary and the decorative stitches. The care and repair of clothing is emphasized. The textbook used will be *Textiles*, by McGown and Waite.

SECOND YEAR—This course teaches the drafting of patterns and also enables the student to change commercial patterns. The construction of dresses, costume design and the economics of dress are studied in connection with textile work.

Literary requirements are same as for graduates in Music.

GENERAL INFORMATION

Medals

The Mattie Banks Harrell Memorial Medal is given each year by the Kalliergeonian and Rhamsauer Literary societies to the best reader in those societies.

The Athenean and Kalagathian Literary Societies award each a medal to that member who makes the most improvement in debate, and one to the best debater. The Athenean and Kalagathian Literary societies give jointly a medal to the best orator in the Junior and Senior classes, and one for the best declaimer in the Freshman and Sophomore classes. The Rhamsauer Literary Society gives a medal to that member who makes the most improvement. The Kalliergeonian Literary Society gives a medal to the best debater. Irregulars who have three or more studies in the two higher classes shall be eligible to the orator's medal, but not to the declaimer's medal.

Only those who are in actual attendance and who have been regular students of the school and active members of one of the literary societies for at least five months preceding contests for medals and honors, and who shall have made passing grades in at least three studies, shall be eligible to contest for medals and honors.

Revs. R. C. Campbell and D. G. Washburn give annually a medal to that young lady who writes the best essay.

Mr. A. V. Washburn and Rev. W. A. Elam give annually a medal to the best student in the Bible Department.

Mr. Bynum Weathers offers each year the *Lucile Green Weathers Memorial Medal* to the best debater of the Rhamsauer Literary Society.

Misses Victoria and Annie Mae Ferguson offer annually the *Mary Lindsay Ferguson Memorial Medal* to that member of the Kalliergeonian Literary Society who makes the most improvement.

Mr. M. J. Padgett gives annually a medal for most improvement in penmanship.

Literary Societies

There are four well organized literary societies—the Athenian and Kalagathian for boys, and the Rhamsauer and Kalliergeonian for girls. Each of these societies hold regular weekly meetings, and are doing most excellent work. All high school students are required to join.

Grading and Reports

Daily recitations are marked on a scale of 10. Quarterly grades are made on a scale of 100. Written examinations will be held at the end of each quarter or at the completion of a subject. All marks given during the quarter enter into the final grade for the quarter's work. The minimum grade for passing is 75 per cent. Reports will be sent to parents and guardians at the end of each quarter.

Library and Reading Rooms

The school has a good working library, including reference works, dictionaries, fiction, history, science, etc. The reading room is furnished with some of the leading magazines, daily and weekly newspapers. One of the students is appointed to take charge of the library. Students are required to spend some time daily in the library and reading room. Parallel work will be required of all students.

B. Y. P. U. and Prayer Meetings

The young men and women meet every Sunday afternoon in one of the several sections of B. Y. P. U. All are encouraged to attend and participate. Prayer meetings are held separately in young men's rooms on Monday night and young ladies' rooms on Wednesday night. Regular church prayer meetings are held every Thursday night.

ATHENAEUM AND RHAMSAUER SOCIETY HALL

The Influence

It is the intention of the school that intellectual development and moral culture shall go hand in hand.

School is opened daily with devotional exercises, which all students are required to attend.

All students are required to attend Sunday school and church services. The members of the B. Y. P. U. coöperate with the faculty in every effort to strengthen a high moral sense in all and bringing every influence to bear that makes doing right easy, and doing wrong unpleasant.

In addition to the school influence, the morals of the community are unsurpassed, and the school enjoys the coöperation of the good people here in elevating the young people.

Athletics

Recreation in some form is essential in any normal life. Games afford refreshment of a high type, and their value as an educational, social, and moral force is no longer denied by those who observe results. The school, therefore, has no hesitancy in promoting all manly sports.

The Boys Athletic Association, a student organization, supports athletic activities. The faculty exercises a general advisory control through its Athletic Director.

In order to become a member of any team, the applicant must be a bona fide student, making a passing grade on not less than three (3) literary studies. And without a good grade or deportment a student need not hope to represent the school in anything. We especially welcome boys who have the ability and determination to become clean, level-headed, sportsman-like athletes.

Discipline

The aim of all discipline is self-control. This result is most advantageously secured through the training of the judgment, the elevation of the ideals, the development of the powers of

recognizing and obeying conscience, and the cultivation of honor. It is assumed that the students who enter this school are ladies and gentlemen; therefore, rules and regulations are reduced to a minimum, only such being formulated as are necessary for the general good of the students themselves. These, however, will be enforced kindly but firmly, and those who at any time find themselves unable to abide by them are earnestly requested to sever their connection with the school.

Each member of the faculty of the institution considers that his position imposes a sacred trust as responsible as that of the home, and supplemental to it. In all matters of discipline, therefore, both the good of the individual student and the influence of that student upon his fellow student must be taken into consideration. Those who persist in doing things detrimental to the interests of the school, will, if they do not change, be asked to withdraw from the school.

A few underlying principles of discipline are hereby given in order that parents may know what to expect of the school:

1. The purpose of the school is to combine the influence of culture and moral training with the advantages of intellectual discipline.

2. It is expected that every student will appreciate the advantages offered and will courteously observe the regulations found necessary for the "greatest good to the greatest number."

3. The Bible is considered the only safe text-book in moral training. Every student is earnestly urged to make its principles his rule of life and conduct.

4. Those who avail themselves of the advantages of this school, founded in the prayers and by the sacrifice of Christian men and women, are expected to accord reverence to the natural expressions of Christian thought and action. Personal belief in all forms of truth presented may not be expected in these days of free inquiry, but a reverential attitude toward truth is a moral prerequisite to the special advantages which the Christian school offers above other schools.

Therefore the following requirements are made:

1. In deportment each student will be expected and required to be faithful in work, prompt and regular in the performance of all school duties, and in their relations with their teachers and their fellow students to cultivate and practice those courtesies recognized by ladies and gentlemen.

2. The use of alcoholic drinks, card playing, gambling in any form, swearing, willful disobedience or any gross immoral conduct will not be tolerated.

3. Smoking is forbidden except in one's own room, and the use of cigarettes is forbidden at all times.

4. All boisterous conduct in the halls and rooms is forbidden.

5. Students will not be allowed to keep firearms while connected with this school.

6. Visiting during study hours is forbidden.

7. No secret societies will be allowed among the students, and no organization will be permitted that has not been approved by the faculty.

8. No boarding pupil will be allowed to keep and operate a car without special permission.

When students are admitted to the privileges of this school, they subject themselves to the terms and regulations published in this catalogue.

At any time, when it is deemed best for the interest of the school, the faculty will amend or change any requirement or regulation, or if they deem it wise, will suspend any requirement made.

General Regulations

Unnecessary absence from the school during the term cannot be allowed. It not only interferes with the student who is absent, but also with those of the class to which he belongs, and with the good order of the school. Leave of absence, therefore will be granted only upon evidence of illness or other imperative necessity.

Visitors cannot be received by pupils during study hours or later than 9:30 o'clock at night.

Young ladies who enroll in this school are under its control, and will not be allowed to visit either while leaving or returning for the holidays or any other times, without a teacher, and those who do so will not be allowed to enter until parents are notified.

Young lady boarders will not be allowed to visit without an accompanying teacher, and then only at the discretion of the Principal.

When students are placed in this school, its laws must prevail, and parents are not expected to interfere by calling their children away and directing their movements during the term, or while visiting the school during the term.

The young men of the literary societies, realizing the growing evil of hazing in school, passed resolutions against it, and hazing will be dealt with according to law.

Students are held responsible for conduct in their rooms and for the room and furniture.

Boarding Accommodations

As noted elsewhere, there are dormitory rooms in the main building for eighty-eight girls and in the dormitory for boys there are rooms for forty-six boys—two to each room.

The girls will be under the care of the Lady Principal, and all students will be under the direction of the Principal.

The boarding department will be under the direct management of the Principal and Dietitian, and will be run on the club plan, and board will be furnished at as low figures as possible.

The privileges of the boarding department will be withdrawn from those who fail to meet the requirements of the school.

BASKETBALL

Advice to Parents

A clear statement of expenses will be found on another page of this catalogue. *Parents are urged not to give their children more money than is absolutely needed to meet school expenses.*

If you wish your children to leave the school for any purpose, please write the Principal to this effect.

Students who make accounts with merchants without the consent of parents given to the Principal may count on punishment, and merchants who credit will lose thereby.

If parents wish their children to make accounts with merchants they will please write the Principal to this effect.

Inform the Principal promptly in regard to any ground for complaint and do not jump to quick conclusions. Most complaints are written home in a moment of anger. If young people have their seasons of dissatisfaction at home where the family ties are stronger, how much more natural at school, where there are so many and diverse conditions.

Write us freely about your children. If anything goes wrong at the school, from your point of view, tell us all about it in a plain, frank way, and we will do our best to correct at once any wrong, real or imaginary.

Parents who do not control their children at home need not expect the best results at school. It is generally those children who give trouble. Bear this in mind.

Boiling Springs is connected by telephone with all surrounding towns.

Telegraph messages intended for the school, sent to Shelby or Lattimore, will be telephoned to Boiling Springs.

Parents are urged not to call pupils away from school at end of week. The day before going home is practically lost, and also the day after returning. Thus two-fifths of the time, or forty per cent of the week, is lost, besides the confusion arising therefrom.

Directions

1. All students are urged to enroll on Monday, August 22, 1927.
2. Lattimore is the most convenient railroad station. Telegrams sent to the school will be delivered from Shelby or Lattimore.
3. The rooms in the dormitories are furnished with heavy furniture. Each student should bring pillows, bed linen, covering, towels, buckets, and comb and brush.
4. All laundry should be marked plainly with indelible ink.
5. Boys who room out are expected to pay room rent to the owner of the home, furnish their own heat and light and bring with them the same articles as those who room in the dormitories.
